

23" LED Module

LED Modules Series Constant Voltage LED Modules

Description

Module Type: Linear	Recommended Wiring: Parallel
Module Power: 10.8W	Color Rendering Index (CRI): >80
Min Drive: 24V, 450mA per module	Warranty: 5 years
Driver*: Constant Voltage, 24V DC	MADE IN THE USA

* All specifications result from recommended driver (E100W24V-D from ERG Lighting)

Applications

Troffer • Cove • Undercabinet • Retail • Refrigeration • Display

Product Features

- Highly reflective white solder mask
- Low-profile push connectors
- UL-Recognized components
- Reinforced double-plated FR4 substrate
- LM80 Tested LEDs
- Max Board Temp at Tc point: 85 degrees

Performance Specifications

Part Number	Color Temp (Kelvin)	Module Current (mA)	Lumens Output (@ CCT)	Module Efficacy (lm/W)	Module Voltage (V)	Module Power (W)
SM2324CVW4-3000K	3000	450	1350 lm	125	24.0	10.8
SM2324CVW4-4000K	4000	450	1420 lm	131	24.0	10.8
SM2324CVW4-5000K	5000	450	1460 lm	135	24.0	10.8
